VISHAL SINGH RAJPUUROHIT

Computer Science Engineer | AI Developer | Full Stack Engineer

Email: vishal.rajpuurohit@example.com | Phone: +91 98765 43210 | Portfolio: vishalsingh.dev

---

CAREER OBJECTIVE

Computer Science Engineering graduate passionate about Artificial Intelligence, Machine Learning, Full Stack Web Development, and Software Engineering to build scalable, impactful software applications.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Graduation: 2025 | CGPA: 8.9 / 10.0 | Relevant Coursework: Data Structures, Algorithms, AI, DBMS

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, SQL
Frontend: HTML5, CSS3, Vanilla JavaScript, Responsive Design, CSS Animations
Backend & Database: Flask, Django, FastAPI, SQL, PostgreSQL, MongoDB, REST APIs
AI / ML: Machine Learning, Pandas, NumPy, Scikit-learn, OpenCV
Developer Tools: Git, GitHub, Linux, VS Code

FEATURED PROJECTS

1. AI Electricity Consumption Optimizer

AI system analyzing electricity usage patterns, predicting future utility bills, and detecting anomalies.

2. Insurance Fraud Detection System

Machine learning Flask web app predicting fraudulent insurance claims using Scikit-learn algorithms.

3. Smart Attendance System

Automated real-time attendance management system built with Python, OpenCV, and relational database.

4. URL Shortener

Full-stack link shrinking service built with Flask and SQL providing click metrics and QR code generation.

ACHIEVEMENTS & CERTIFICATIONS

* Solved 150+ DSA Problems on LeetCode & HackerRank
* 10+ Production-Ready Projects Built | 5+ Industry Certifications Earned
